TOPS in TOYS that Teach!

# TOYOPS

Triassic Triops® brand eggs are the only Triops eggs harvested in biologist-staffed green houses. The green houses, water, animals and eggs are inspected by the United States Department of Agriculture (USDA) by their private USDA-approved scientists annually. We have taken extreme measures to become socially and environmentally compliant.

## Just Look™ (JL SCP)

A palm-sized, LED illuminated microscope that lets you explore the small details of the world around you. This is truly the easiest to use, most compelling, and monstrously fun scope you can get into pint-sized hands. Warning! Your life will be 10x stranger and 10x more interesting when everything becomes 10x bigger!

See A World  
of Detail!

With The Just Look  
Illuminated 10x Microscope

## Triassic Triops® with Space Age Tank (SAT TRI)

Raise descendants of Triops that were studied on the Space Station! Grow the creatures that time forgot!

### Kit includes:

- A space age tank with locking observation chambers
- Magnifying lens • Built-in hatching dish • Eggs • Food • Thermostrip • Pipette • Instructions

## Fish in a Jiff™ (KIL JIF)

Marvel as the world's fastest-growing fish goes from egg to adult in just 6 weeks! The Killifish eggs in our kit are descendants of those studied by NASA on Shuttle Columbia during STS-80. Just add bottled water and a light source to watch them spring to life in just a few hours!

### Kit includes:

- A space age tank with locking observation chambers
- Redemption card for rapid hatch fish eggs and food • Thermostrip • Pipette • Instructions

### Kit includes:

- Excavation tools (includes pick-pointed hammer and chisel)
- "Secrets of Pangaea Mountain"™ Book with Stone Identification Chart
- Tile for Streaking Test
- Safety Goggles
- Magnifying Lens
- Triops Eggs and Grow Tank, pipette, thermo strip, food, and instructions
- Notepad with outline

### Includes 15 Real Fossils and Gems:

- Dolomite • Iron Pyrite
- Lace Agate • Hematite
- Malachite • Tiger's Eye
- Red Jasper (Chalcedony)
- Obsidian • Pumice
- Trilobite (replica)
- Dinosaur Bone
- Shark Tooth • Petrified Wood • Turritella
- Sodalite

## The Secrets of Pangaea Mountain (PN MT)

This exciting kit includes a story told through two children, Rocky and Crystal, and a charming professor, G.O. Stone. The kit is a captivating way to teach children about fossils, minerals, earth science, and dinosaurs. As the story unfolds, children can uncover the rocks one at a time, using the provided tools, and a photo identification chart. This kit keeps children looking forward to each new discovery as they develop a new appreciation for the natural world preceding and surrounding them.

500,000 Triops eggs departed Planet Earth on NASA Space Shuttle STS-121 on July 4, 2006 to spend 6 months at the International Space Station. The eggs returned on STS-116 on December 22, 2006 for further study of the effect of space travel and micro-gravity on cells in diapause.

## Triassic Triops® DLX (DLX TRI)

The complete suite - everything you need to launch your journey into the world of Triassic Triops. Hatch, grow, observe, experiment, and document these ages-old creatures who breathe through their feet and swim upside down.

### Kit includes:

- Triops eggs • Hatching dish
- Easy view aquarium and cover
- Instructions and educational booklet
- Food • Fossil replica • Thermo-strip • Decorative gravel • Pipette • Magnifying ruler

## Triassic Triops® Hanging Box (HG CT)

Everything to start your Triassic Triops adventure. A great starter kit or supplement to our larger sets.

### Kit includes:

- Triops eggs • Adult & Baby food
- Instructions
- Thermo-strip • Pipette

Have fun learning about the amazing Triassic Triops® from the era of the dinosaur. Grow, observe, experiment, and document the life cycle of this amazing creature. Just add water and your ancient Triops spring to life to perform amazing "aquabatics".

## Triops Hatchery™ (HAT TRI)

Contains enough eggs to hatch 5 cycles. Just fill your hatchery with water, tap in a few Triassic Triops eggs, and step into an adventure learning about these ancient creatures.

### Kit includes:

- Hatching dish • Adult & Baby food
- Pipette • Instructions • Thermo-strip
- Magnifying glass • 80 to 100 Triops eggs

## Triassic Triops® (TR TRI)

Just fill the hatching dish with water, add your gravel and eggs, and watch your Triops come alive. Transfer your growing Triops to the bean-shaped tank to observe them grow rapidly up to 2 inches long!

### Kit includes:

- Hatching dish • Triops eggs • Food • Gravel
- Thermo-strip • Bean-shaped tank • Pipette
- Directions

## Triops Countertop Display (CT TRI)

Everything you need to grow 2 or more cycles of Triassic Triops. Perfect as a starter kit or a refill for our larger kits.

### Kit includes:

- Triops eggs • Adult & Baby food • Instructions
- Thermo-strip • Pipette

## Triassic Triops® Package (SCH TRI)

This slim packet has everything you need to grow Triops.

### Kit includes:

- Capsule containing Triops eggs mixed in cornstarch filler • Adult & Baby food
- Instructions • Thermo-strip
- 24-page full color book
